SPECIAL SESSION IS ON

Called to Order at Noon Thursday by Mr. Frye.

SENATORS SWORN IN.

Twenty-Six of Them Enter on Their Term of Six Years, Among Them Being the Much Discussed Smoot of Utah.

Washington, March 6.—The United States senate at noon Thursday met in special session called by the president. It was an interesting event, as such sessions do not usually occur except when a president of the United States is inducted into office, at the beginning of each new congress, and this was the first session of the senate of the Fifty-eighth congress. The oath was administered to twenty-six senators, who take office for six years.

The senate being a continuous body its officers hold until their successors are chosen, so promptly at noon the body was called to order by President pro tem Frye. The scene was a brilliant one and not unlike the opening of every session of congress. The galleries were filled at an early hour and in the family and reserved galleries were friends and relatives of the new senators. The desks of the new senators could be distinguished by the wealth of flowers which had been provided. The lavishness of the admirers was shown by the fact that desks and even chairs in some instances were completely buried under huge floral pieces and beautiful bouquets.

After the invocation Mr. Bennett, the secretary of the senate, read the proclamation of the president convening the senate in extra session.

The names of the newly elected senators were called alphabetically, and each was escorted to the desk by his colleague. As soon as the names were called there was applause in the galleries. That given to Mr. Gorman was especially noticeable.

It is the custom, to rebuke applause in the galleries, but Mr. Frye, the president pro tem, overlooked the demonstration.

"The chair," said he, "is especially lenient to the galleries this morning," and then he received a round of applause.

Messrs. Spooner and Allison received generous applause as they were escorted to the desk.

Mr. Smoot of Utah subscribed to the oath with an emphatic "I do." No objection was made to his taking the oath.

Mr. Cannon's speech in the house of representatives Wednesday morning in presenting the conference report on the general deficiency bill in which he charged that the senate conferees had resorted to legislative blackmail and attacked the rules of the senate, formed the subject of some fervid remarks by Mr. Tillman and by the senate conferees, Messrs. Hale, Allison and Teller. The senate at 3:15 adjourned until Monday.

MILES AND HAY.

General and Secretary of State Discussed Recent Trip of Former.

Washington, March 6.—Lieutenant General Miles had a long talk with Secretary Hay about the general's recent trip around the world. In the course of that tour General Miles had occasion to visit many United States embassies and legations moreover, he had an opportunity during his stay in China to take close note of the situation in that country, a subject of peculiar interest to Secretary Hay just now.

As for the strictly military notes during his extended tour, General Miles has included them in a special report to the president through the secretary of war. It is not known yet whether it will be deemed politic to make the report public in consequence of its bearing on international military conditions.

CASE OF CRUM.

President Wants the Senate to Have a Vote on the Nomination.

Washington, D. C., March 6.—The president sent the following nominations to the senate:

William D. Crum, collector of customs, district of Charleston, S. C.; Page Morris, United States district judge, district of Minnesota; William M. Byrne, United States attorney, district of Delaware; William A. Day, District of Columbia and Milton D. Purdy, Minnesota, assistant attorney general; Samuel U. Wilson, postmaster at Macon, Mo.

The nomination of Crum was reported adversely by the senate committee of the Fifty-seventh congress. His re-nomination will be referred to the same committee, but owing to changes in the personnel of the committee the president expects a favorable report on it.

It is understood to be the president's intention not to exercise special influence to secure favorable action on the nomination. In the event of its rejection by the senate it is unlikely that the appointment will be

renewed. It is simply the desire of the president to have a vote of the senate on the nomination. He thinks the appointee is entitled to that.

Gone to Evict Cattle.

Ardmore, I. T., March 6.—The Indian police passed through Ardmore en route to Hewitt, where they go to evict a number of cattle because the owner has refused to pay the tribal tax. The police have instructions not to accept the tax from the stockmen owning the cattle, but to remove them from the nation.

SHOT STEPDAUGHTER.

Melton Then Wounded Mrs. Culver and Takes His Own Life.

Henderson, Ky., March 6.—Allen Melton, a well-to-do farmer, who Wednesday night fatally wounded his stepdaughter and shot Mrs. John Culver, committed suicide Thursday in a barn when he found the building surrounded by bloodhounds which had been sent in pursuit of him. Melton Wednesday night went to the home of John Culver, where his stepdaughter, Mary Melton, sixteen years old, was spending the night. Culver was away from the house. Melton entered and, seeing his stepdaughter, drew a revolver and fired two shots at her. Mrs. Culver ran into the room and Melton fired, the ball passing through her lungs. He went to home of Dr. Latta, two miles away, where he remained all night. Early Thursday morning he went home and Morganfield's bloodhounds trailed him to a barn. When he heard them coming he swallowed a large amount of Paris green and then shot himself through the head, falling dead. Two weeks ago, it is said, he tried to hang his divorced wife, and it is believed he returned to Union to kill his wife, and this is thought to be the reason he did not commit suicide when he shot the girl.

Slain by His Stepson.

El Reno, Okla., March 6.—J. B. Floyd of Canadian county, was shot and killed by his step son, E. A. Putnam, during a family quarrel.

NOVEL MEASURE.

Provides Gold Medals for the Mothers of Large Families.

Harrisburg, Pa., March 6.—Mr. Blumie of Canton county, the father of eleven children, introduced in the house a bill to "subsidize large families and to provide for gold medals for mothers of large families."

The bill provides prizes ranging from \$10 and a medal to cost \$10 to \$50, and a fifty-dollar gold medal to mothers of families ranging from nine to 15 children. The seventh son or daughter born within the state shall be educated at an expense to the state not to exceed \$500. The act shall not apply to any woman who has been totally divorced or separated from her husband.

AN OUTBREAK.

One Exceeding the Boxer Uprising Is Regarded as Imminent.

Victor, B. C., March 6.—According to a dispatch received from Peking, an outbreak and carnival of murder, exceeding the boxer outbreak, is regarded by many as imminent. Correspondents of Chinese papers at Peking are sending columns telling of the duplicity of the empress dowager and of the threatened outbreak. A Shanghai paper says that while the empress dowager is issuing edicts commanding reforms on eastern lines and pretending to initiate reform, she is secretly sending instructions to viceroys and governors prohibiting the introduction of foreign methods in their jurisdiction.

Passed Over Veto.

Guthrie, Okla., March 6.—The Oklahoma senate passed over the governor's veto the bill repealing the oil inspection laws of the territory. The vote was 10 to 2. Senators Alexander and Webster voting with the governor and Senator Mathews being absent.

Waterworks Contract Let.

South McAlester, I. T., March 6.—The contract for the entire waterworks system of this city, including a mile and a quarter of sewer, was let for \$122,100. The plant is to be completed by October 1.

Corbett and Jeffries Sign.

Baltimore, March 6.—James J. Corbett and Billy Delaney for James J. Jeffries, met and signed articles for a fight for the heavyweight championship of the world. It was agreed that the contest take place in California in July or August, 1903, under the auspices of the athletic club offering the largest purse. The men are to spar twenty rounds to a decision; the winner to receive 75 per cent of the purse, the loser to take 25 per cent.

Child Burned to Death.

Hico, Tex., March 6.—The little child of Mr. and Mrs. Boyd living near Duffau, was burned to death. The child caught fire playing in some ashes that had been thrown out.

Fort Worth Fat Stock Show.

Fort Worth, March 6.—The seventh annual fat stock show opened with splendid exhibits and a good attendance. The show is being held under covering at the new stock yards grounds.

Speaker Henderson's farewell address was a political swan song.

Roosevelt has renominated the negro Crum for collector of the port of Charleston.

Orange is naming her streets and numbering the houses, and getting ready for free mail delivery.

The fifty-seventh congress, just closed, was the costliest on record, the total appropriations amounting to \$1,554,108,514.00.

The bill appropriating \$150,000 for the rehabilitation and improvement of the iron industry at the Rusk penitentiary has passed the legislature.

Five hundred passengers were snowbound 100 hours on three Rock Island trains in New Mexico. There are other disagreeable things besides mud.

At the next congress Oklahoma, New Mexico, Arizona and the Indian Territory will be admitted as states if they can prove they are republican and not democratic. The injustice that has been done in shelving the statehood matter is seen upon consideration of the fact that Oklahoma with Indian Territory would have a population of nearly 1,000,000, and would rank as twenty-eight among the forty-five states, or ahead of fourteen states already in the union. —Houston Chronicle.

Admiral Crowninshield asks permission to retire. Granted by acclamation.—The Orange Tribune. Crowninshield is out. He didn't retreat under fire, but when the Secretary of the Navy transferred him from a big ship to a little one he simply got disgusted and quit. And the Secretary of the Navy acted with such promptness in accepting the rear admiral's quit as to indicate that he was glad of it. —San Antonio Express.

The Wisconsin senate suggests a conference of governors to settle the race question. They would succeed probably about as well as the conference of governors to settle the trust question.

For Sale.

Six room house, three lots of ground, outhouses, underground cistern, and all in first-class condition. Price, \$1,500. A. W. Hollman. 68 lm.

MEN'S FURNISHERS.

Additional Local

A Handsome Present.

Gen. H. B. Stoddard, grand master of Knights Templar, has just received from Mrs. Capt. William Schrimingour of Galveston a very handsome present in the form of a burnt wood picture frame of very elaborate design and artistic finish. In fact it is one of the prettiest specimens of this popular kind of art work we have ever seen. It is exquisitely decorated with Masonic emblems and historic pictures, including the Maltese cross, the cross and crown, the double-headed Austrian eagle, the Knights at the Tomb, the beausant of the order showing battle flags, the figure of Constantine the Great on horseback, and the magnificent jewel of the grand master. The picture of the jewel is also shown in water colors on cardboard. The present is one of which the general is justly very proud, and although he possesses many curios and relics and gifts from many lands, it is one of the most valued he has.

Resolutions of Respect.

Whereas, it has pleased our Heavenly Father to take from our midst our associate teacher and dearly beloved friend, Mrs. M. N. Cavitt, and Whereas, we realize and mourn our loss, in that she was one of our best teachers, and in the truest sense a friend to both teachers and pupils, be it

Resolved, That we bow in all humility to Divine Power, praying that we may have strength to emulate our sister, both in christian purity and in concentration of effort upon duty.

That we extend to the bereaved ones our heartfelt sympathy, although we know and believe that those who go first are first to rejoice in the presence of the redeemed around the throne of God, praising His holy name.

That a copy of these resolutions be sent to the family, to the city papers and to the Texas School Journal.

Cordie Fletcher, Mattie B. Smith, Mattie Watkins, Committee on Resolutions.

FAIR MEETING LAST NIGHT.

Capital Stock Increased—Committees Getting to Work.

Pursuant to call a meeting of the stockholders of the Central Texas fair association was held at the office of Doremus & Butler, a majority of the stock being represented. The meeting was held to increase the capital stock from \$6000 to \$6,350, more than \$6000 worth of stock having already been sold. On motion the capital stock was increased to the amount indicated and the stockholders meeting adjourned.

President Howell then called the board of directors to order, same being a regular meeting. Minutes of last meeting were read by A. M. Waldrop.

Committees on repairs at the fair grounds granted further time on account of weather.

The president reported that he is corresponding with the war department with the view of securing cavalry troops and band from San Antonio for the fair if possible.

Standing committees have been allowed funds as follows: Premiums, \$1,350; racing \$900; advertising, \$400; exhibits, \$100.

Season tickets will be issued this year allowing the holder to go out and into grounds at pleasure with the use of a pass check in connection with ticket. Charges will be the same as last year, excepting that hack entrance is reduced to \$2.50 for season.

For Sale or Rent.

For Sale.

Ten nice lots, from \$80 to \$200, in the most fashionable residence portion of city. My fine brown cow, cheap. A horse, buggy and harness for \$45. W. A. Dodson. 79

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, putting it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased. Mr. D. Kauble, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."

Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure. Bottles only, \$1.00 Size holding 2 1/2 times the trial size, which sells for 50c. Prepared by E. O. DeWitt & Co., Chicago. Sold By Dr. N. M. McDUGALL

Mattress

MAKING! ZACH TALLY the original and only Mattress Maker, offers his services to the public and will devote his whole time to mattress making and repairing. Old mattresses overhauled and made good as new. Give him a call. Will be found at Geo. W. Smith's offices. 99

MISS ROSE OWENS,

No. 720 Seventeenth St.,

WASHINGTON, D. C.

"If every suffering woman has the same experience with Wine of Cardui that I had, your medicine will be most popular. About a year ago I began to have a worn out tired feeling with lassitude, pains in the back and head which kept increasing every month. I felt that I needed something, but to get the right medicine was the trouble. I finally decided on your Wine of Cardui and only needed to take three bottles when I was fully recovered."

Miss Rose Owens.

WHEN Miss Rose Owens, who has a responsible position in the Government service at Washington, D. C., decided to try Wine of Cardui, she made a wise choice. Over a million women have been relieved of female weakness by this same Wine of Cardui. It is not a strong medicine but may be taken every day in the year by any woman with benefit. It does not force results, but corrects derangements of the menstrual system, gives tone to the bodily functions, acts directly on the genital organs, and is the finest tonic for women known to the science of medicine.

If you are a suffering woman we would say to you that Wine of Cardui seldom fails to completely cure any case of female ills. We say emphatically, it never fails to benefit. Every day hundreds of sufferers are writing to our Ladies' Advisory Department. The letters are opened by persons competent to give advice. Mrs. Jones was cured by following the advice which was freely given her by the Ladies' Advisory Department. Miss Owens was cured without advice by just buying a \$1.00 bottle of Wine of Cardui from her druggist and taking this great medicine in the privacy of her home. No doctor's examination, treatment or advice is necessary. You have read what these two cured women have written. Is this not enough to lead you to determine to be rid of suffering?

August 13, 1900, Mrs. W. H. Jones, of Cameron, Mo., writes:

"I suffered terribly at monthly periods for three years. I would sometimes go for seven months with no flow at all. Now I have my health back again and am expecting to be confined in January. I cannot praise your medicine enough."

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

Be Careful

20c AND 40c

Don't procrastinate with that cough or cold; it might mean something very serious. Remember the old adage---a stitch in time saves nine. Emmel's TAR COUGH CURE stops your cough at once. It has never failed. Good for children or adults.

every pair. We are show-
ing a handsome assort-
ment of patterns in all
sizes at prices from

\$2.00

to \$6.00

Parks & Waldrop

MENS'
OUTFITTERS.

The need of more sidewalks in the
residence portions of town has been
very keenly felt during the present
prolonged muddy spell. Any kind
of a walk is better than none—brick-
bats, cinders, gravel, planks—any-
thing will beat the mud. Don't wait
to put down asphalt or concrete.
Property owners make a great mis-
take by not looking after these kinds
of improvements.

A conservative estimate shows
that at least one hundred thousand
dollars has been expended in Bryan
during the past two years in build-
ing residences and cottages, and still
the building goes on as rapidly as
weather will permit. The town has
not spread out very much, but the
way it has filled in is amazing. Now,
then, if we can have a little activity
in sidewalk building, the town will
show up splendidly.

Clarke & Fountain are in their new
quarters at the Jno. M. Lawrence &
Co. old stand under the Eagle office.
They are putting in a new floor and
making other extensive improve-
ments, and will spare no pains or
expense in fitting out an up-to-date
grocery house that will carry the
best goods the market affords. They
are prepared to fill all orders now.

Jno. M. Lawrence & Co. have put
in new shelving of improved kind
and are adding other improvements
to the large and roomy building into
which they have moved, and their
display of canned goods especially is
beautiful. They have now the larg-
est house in town occupied by a re-
tail grocery firm.

W. Powell Hale, a talented lec-
turer and impersonator, will appear
at the opera house Monday night,
March 9. Admission 50 and 25 cents.
Mr. Hale has the endorsement of
such platform celebrities as ex-Gov.
Bob Taylor. He impersonates char-
acters from Shakespeare, Dickens
and Tennyson.

L. M. Mallett, Elam Stringer, W.
T. Murchison, Dave Wells, Jacob
Snooks and others were here from
Grimes county yesterday. Mr. Mal-
lett says the Navasota river has been
very high, but is now running down.

The engine of passenger train No.
3 on the H. & T. C. blew out a cylin-
der head between Navasota and
Bryan yesterday and was badly de-
layed by the accident. Another en-
gine was secured at Hearne.

A woman and two children in des-
titute circumstances got as far as
Bryan yesterday while en route to
Hockley. Marshal Boyett made up
money to send them to that point.

CLUB MEETING LAST AFTERNOON.

A Public Function in Interest of Educa-
tion by the Ladies of the Mutual
Improvement Club.

At the instance of the Mutual Im-
provement Club, a meeting in the
interest of education was held yes-
terday afternoon at the opera house
that attracted a large attendance.
Deep interest was maintained
throughout the exercises. It was in
fact a public meeting of the Mutual
Improvement Club, presided over
and program arranged and pro-
ceedings conducted by the officers of
the club.

Mrs. G. M. Brandon, vice-presi-
dent and acting president in the
absence of the club's president, Mrs. L.
L. McInnis, presided as chairman,
and Mrs. M. Nagle was secretary. A
mixed audience of ladies and gentle-
men and school children were pres-
ent.

The divine blessing was invoked
by Rev. E. L. Shettles.

"America" was sung by the school
children, the grand strains of the
national anthem being given the
sweetest expression.

Miss Edna Zuber with sweet voice
and delightful expression, sang
"Tale of the Sea Shell." Accom-
panist, Mrs. H. O. Boatwright.

Prof. R. O. Allen delivered an ad-
dress. The subject was Beautifying
the School Room, and the theme
was handled in a way to make us all
wish to see the surroundings of all
the school children rendered beau-
tiful and attractive, for the effect that
such associations must have upon
character. Prof. Allen pronounced
an eloquent commendation of the
work of the State Federation of Wo-
men's Clubs, and pointed to this oc-
casion as one of the delightful results
of the program of the federation, in
setting apart a week to be devoted
to furtherance of educational work.

A musical number succeeded:
"Take Care" was rendered, Misses
Boatwright and Zuber and Mrs. J.
W. Howell. Pianist, Mrs. Boat-
wright.

The sixth feature of the of the pro-
gram was an address by Prof. W.
C. Davis. Prof. Davis' theme was
"Manual Training in the Public
Schools." This subject is a new one
but refers to a proposed innovation
that is strong in the elements of good
common sense for a foundation, and
has vigorous support in the efforts
of many leading educators for its
introduction. It was handled in a
scholarly manner by Prof. Davis.

Miss Hettie Smith, in delightful
voice and with pleasing evidence of
culture, sang "If I Were a Rose."
The sweet little song went directly
to the hearts of her enraptured
hearers. Pianist, Miss Nellie Smith.

Prof. T. S. Minter made a talk on
"Visiting the Public Schools."
Prof. Minter, from his ample and
varied experience in school work,
has stored up many a treasure of
wisdom. He has a plain and
straightforward style of talking good
hard sense relating to school work
that always goes straight to the heart
of the subject, and he enlivens his
speech with quaint humor that al-
ways "points a moral." His talk
was highly persuasive of the proper
appreciation of school work by par-
ents.

"Tell Me Pretty Maiden" from
Floradora, by Miss Boatwright, Mrs.
J. Webb Howell, Messrs. Davis and
Withers, was so full of music and
mirth, that the audience would not
be content when the rare and racy
number was ended, but called the
quartette to the front of the stage
again by a clamorous encore. Pianist
Mrs. Boatwright.

The central feature of interest in
the occasion was the Mutual Im-
provement club's tender of a beauti-
ful memorial medal, and its presen-
tation to the graded school by Prof.
T. S. Minter. This medal is one de-
signed as a fitting memorial to the
late Major W. A. Banks, of honored
memory, for so many years the su-
perintendent of the Bryan city
school. The tender of this medal
was made in beautiful words, full of
grace and poetic expression, by Mrs.
G. M. Brandon. It was accepted by
Prof. Minter in behalf of the school,
and his speech of acceptance consti-
tuted a solemn and beautiful tribute
to the great educator who, after a
life of labor in the sacred cause of
education, has laid down his burden
so valiantly borne through many a
weary hour; has surrendered his
charge consecrated by noble sacri-
fices, and left to others a work which
was so ennobled by his faithfulness,
love and zeal.

After prayer by Dr. W. C. Friley,
the audience dispersed, with many
words of praise for the ladies who
had given this beautiful exemplifica-
tion of their interest in the cause of
education.

Carload of wood on I. & G. N.
track, back of Norwood's store.
Price \$3.50 per cord delivered. V. J.
Dobrovolsky. 77

Rev. Fred L. Allen of Rockdale
will preach at the courthouse Sun-
day at 11.

Removal!

Our stock of Groceries
will be moved into more
commodious and conve-
nient quarters at the Zu-
ber stand in a few days.
There will be no inter-
ruption of business—
please send in your or-
ders as usual and they
will have prompt and
careful attention.

FOR IRON FURNACE.

House Passes Bill Appropriating a Large Amount for That Purpose.

Austin, March 6.—The house passed the senate bill appropriating \$150,000 for the purchase of timber lands near Rusk and the erection of a fifty-ton iron furnace at the penitentiary at that point.

Both branches of the legislature Thursday put the finishing touches to a lot of material that has been in course of preparation.

The following bills were finally passed and will now go to the governor.

Bill appropriating \$150,000 to continue and enlarge the iron industry at Rusk penitentiary.

Bill authorizing employment of bookkeeper at Confederate home.

Bill for extermination of prairie dogs. (This bill was amended by the house and probably will go to conference.)

Child labor bill. Senate passed it unanimously.

Bill prohibiting the working of trainmen more than sixteen hours.

Bill providing a state board to examine lawyers.

Bill authorizing the purchase of the St. Louis Southwestern Railway company of the Texas and Louisiana railway passed the senate.

The governor signed the following bills:

House bill making appropriations for deficiencies in the appropriations heretofore made for the support of the state government.

House bill providing for extension of the corporate limits of any town or village incorporated for free school purposes.

LAND MATTER.

Men Are Employed to Hold Places Until Time of Filing.

Austin, March 6.—A resolution was introduced several days ago and has passed in both houses relating to the defective manner in which land is being filed on throughout many counties of western Texas. It was stated that a riotous condition existed at many places, where homeseekers were being prevented by force from filing on lands. Mr. Miller wired the sheriff of his county to find out how things were going in Howard county. The answer was all is quiet.

Representative Miller said in connection with the land matters that many rich people are employing big, strong men to stand at the door of the filing office, holding their place until the time of filing. "Some of these men get \$10 a day," continued Mr. Miller, "for holding a place at the door, and their board is thrown in. Speculators are hiring men to hold places at the door, and they expect to sell that place later on for a bonus. Some places have been held since the first of September."

SHERMAN SELECTED.

Next Meeting of the Grand Lodge of Odd Fellows to Be There.

Dallas, March 6.—The grand lodge of the Independent Order of Odd Fellows adjourned Thursday afternoon. It is declared that it goes into the history of the fraternity of Texas as having seen by far the best attended and largest meeting ever held.

The next grand lodge will be held at Sherman, the contest over the place being somewhat spirited. Representatives from Fort Worth, Beaumont and Sherman each presented the claims of their respective cities, and after some discussion it was finally awarded to the last named town.

The mileage and per diem committee was busy paying the claims of representatives. It is estimated that about \$5000 was paid out to grand lodge representatives for this purpose and about \$2000 to members of the Rebekah assembly.

Passengers Arrive.

El Paso, March 6.—After being snow-bound 100 hours in drifts sixteen feet in depth near Santa Rosa, N. M., three Rock Island passenger trains were rescued and the half famished passengers were brought to the city. There were nearly 500 passengers on the trains, men, women and children, and their suffering was so intense that the situation finally became desperate.

Fruit and Truck Growers.

Nacogdoches, Tex., March 6.—The East Texas Fruit and Truck union was organized with the following officers: J. B. Huff, Palestine, president; J. W. Wiltman, Jewett, vice president; Sam H. Dixon, Houston, secretary-treasurer. Next meeting will be held the first Tuesday in September at Palestine. Resolution was adopted urging appropriation for St. Louis fair exhibit.

Four Negroes Killed.

Jacksonville, Tex., March 6.—Reports of a shooting state that four negroes were killed and eight seriously wounded in a crap game Thursday on the Texas and New Orleans railroad, some twenty miles east of this place. Several of the wounded are not expected to live.

DONE BY SUFFOCATION

Bodies of Mrs. Stanley and Major Hurd Found in a Hovel.

FATHER A GOVERNOR

Woman Told a Friend That Parent at One Period Was Chief Executive of One of the Provinces of British India.

Denver, March 6.—There is considerable speculation here as to the antecedents of Mrs. Georgia Stanley, who died Thursday from asphyxiation due to inhaling fumes of coal gas in a hovel on the north side, where she was found by neighbors in an unconscious state, lying on the bed beside the dead body of Major Marshall F. Hurd, an aged veteran of the civil war.

Mrs. Stanley not long ago told a friend of her father that Lord Allen, formerly governor of a province in India, was founder of the Allen line of Atlantic steamers.

In a note book found in her effects appears the following: "Brother George's fortune is estimated at \$35,000,000, but at this writing I suppose it is \$400,000,000. To think how rich Brother George is and how poor I am." Nothing definite is known of her brother except that it is believed he lived at one time in Spain or the Barbadoes.

Some time ago, when Mrs. Stanley's poverty-stricken condition was brought to the attention of Dean H. Martin Hart of St. John's Episcopal cathedral he communicated with Sir James Grant at Toronto, who Mrs. Stanley claimed as her half brother. Reply was received to the effect that Sir James was not Mrs. Stanley's half brother.

Major Hurd, who was an engineer in the Army of the Cumberland, is to be buried here under the auspices of the Grand Army of the Republic.

AMENDMENTS ADOPTED.

House Agreed to a Number Bearing on the Terrell Election Bill.

Austin, March 6.—The house considered the Terrell general election bill. Numerous amendments were adopted, among which was one providing that in cities of 10,000 or over poll tax must be paid in person, and in places of less than 10,000 and all country precincts poll tax may be paid by another when authorized to do so.

House passed bill providing that citations may be served any agent of a railroad company through which the roads pass through.

The senate passed finally bill giving railroad commission additional space in which to hold hearings.

Senate refused to set aside certain clauses as originally provided in bill, but gave commission open space near the office now occupied by it.

Bill passed senate to validate titles to lands located and patented in Garcon, Dallam and Hutchinson counties since July 14, 1879.

MASSING TROOPS.

War Preparations Are Under Way in the Republic of Guatemala.

San Francisco, March 6.—A number of coffee planters who have just arrived here from Guatemala on the steamer Colon state that war preparations in that country are still going on. The entire army of Guatemala is massed on the frontier of Salvador. Every able-bodied man is being pressed into service as a soldier. Alexander Cousin, father-in-law of President Zelaya of Nicaragua, was a passenger on the Colon. In speaking of the situation in Nicaragua he said: "President Zelaya is in sympathy with Sierra of Honduras, and before I left two bodies of men, numbering 200 in all, were sent to join the forces of Sierra. In the trouble existing between Guatemala and Salvador, President Zelaya is in sympathy with the latter republic. He massed troops along the frontier in anticipation of trouble."

NO DECISIVE MOVE.

Material Evidence as to Identity of Burdick Murderer Is Lacking.

Buffalo, N. Y., March 6.—Despite the fact that the police and officials in the strict attorney's office repeatedly asserted they are morally certain of the identity of the person who murdered Edwin L. Burdick and that that person is a woman, they still hesitate to make a decisive move. Suggestions that might give a clue to the motive for the murder have been eagerly sought and sifted. Innumerable clues have been followed. The police say many of these strengthened the suspicions until they are almost positive of the identity of the murderer, but material evidence is lacking.

HOTEL BURNS.

Otey House Had Numerous Guests and Many Narrowly Escaped.

Watertown, N. Y., March 6.—Fire destroyed the Otey House, one of the largest hotels in this city, and completely gutted numerous stores in the block. The hotel was crowded with guests and many narrow escapes were reported. Peter N. Vanbrunt of this city was confined to his bed on the fourth floor sick and was let down by ropes. All the other guests were rescued by means of fire escapes and ladders. Had the fire occurred at night a great loss of life would undoubtedly have occurred. The flames partially destroyed the Fairbanks block, adjoining the hotel. The total loss is estimated at \$200,000, and is two-thirds covered by insurance.

PARTLY CLEARED.

Physician Says That the Woman Died from Natural Causes.

New York, March 6.—The mystery surrounding the death of the woman whose body was found in a furnished room in a house on West Thirty-seventh street Thursday night has been partly cleared by the statement of a physician who examined the body and told the police the woman probably died from natural causes. In connection with this statement a man with whom the woman came to the house Sunday, when a room was engaged for her, they coming from Chicago, the police reported a check for a sleeping car berth on the Michigan Central was found among her effects. The man paid for the room and after handing the woman some bottles of a dark liquid, the landlady's sister says she heard him say: "Don't forget to take this medicine. You know I am a physician." One of the bottles were found empty. The police are looking for the man.

NO NEW FEATURE.

Attorneys for Wabash Employees Looking Over Bill of Particulars.

St. Louis, March 6.—The Wabash situation presents no new phase; everything and everybody are waiting on attorneys representing the firemen and trainmen, who are expected to make the next move. They are now carefully considering the lengthy bill of particulars filed by the Wabash in applications for an injunction granted the other day, and it is not known definitely when they will be ready to present it in court. At Wabash headquarters no change in the situation has been reported.

TO BE PARCELED.

This Will Be Done With Frisco System, Says an Alabama Paper.

Birmingham, Ala., March 6.—The Age Herald says: "It is announced on good authority that the St. Louis and San Francisco railroad known as the Frisco system, a control of which was recently acquired by the Rock Island in conjunction with Morgan Southern railway interests, will be parceled as follows: That part of the Frisco between Birmingham and Memphis to be operated as a part of the Southern system, and that part west of the Mississippi as part of the Rock Island."

Debated Five Hours.

London, March 6.—In the house of lords a motion presented by Earl Carrington to reconsider the government's plan of military organization was debated for five hours, this being the longest sitting of the session. The motion was defeated by 53 votes to 15. The debate brought out severe criticism of the government's conduct of the Boer war by Earl Carrington, who predicted that the scheme might end in a ghastly tragedy and "easily provoke a democratic revolution."

Overruled Demurrer.

San Francisco, March 6.—In the fight of Howard Rees, first mate of the naval collier just in and twenty men of the crew to recover from the government at least \$20,000 salvage obtained from the cruiser Yosemite, which sunk off Guam, Judge De Haven gave a decision which overruled the government's demurrer to the libel of the United States steamer.

Largest Amount Ever Sent.

San Francisco, March 6.—Two hundred thousand, constituting quartz half dollars and dollars of Hawaiian coin, will be brought from Honolulu by the steamer City of Pekin. This is said to be the largest amount of island money yet received in any shipment for recoinage into United States money. The money is to be returned to Hawaii.

Names to Be Given.

Washington, March 6.—Secretary Moody has reached a decision as to the states after which the five battleships provided for in the new naval law shall be named. Three 16,000 ton battleships are to be named Vermont, Kansas and Minnesota, and the two 13,000 ton vessels Mississippi and Idaho.

Association Withdraws.

Washington, March 6.—The Great Western Retail Lumber Dealers' association withdrew from affiliation with the National Association of Wholesale Lumber Dealers. The action was taken at a meeting of the latter organization, at which representatives of the other association were present.

Bryson Arrives at Memphis.

Memphis, March 6.—H. W. Bryson, who was arrested several days ago at Los Angeles, Cal., on an indictment returned by the Shelby county grand jury charging him with kidnapping the child of Priscilla Howard, arrived in Memphis in charge of officers. His trial will be called at an early day.

Membership Gaining.

City of Mexico, March 6.—The Young Men's Christian association here proposes to extend its work all over Mexico, so successful has the first association here become, the membership exceeding all expectations.

Gilfeather Victorious.

Hot Springs, Ark., March 6.—Tommy Gilfeather of San Francisco was awarded the decision over Geo. Monroe here Thursday night at the end of the seventh round, Monroe's seconds throwing a towel in the ring.

Largest Known in February.

New York, March 6.—Bradstreet's reports that bank clearings for February this year were the largest on record for that month. They aggregated \$8,419,000,000 as compared with \$8,318,000,000 in 1901, the best previous February record.

Last Vessel Leaves La Guayra.

Caracas, March 6.—British cruiser Pallas, the last representative of the naval forces in Venezuelan waters, left La Guayra Thursday afternoon.

For SALE.

—BY—

LAMAR BETHEA

Successor to Monroe Edge,
